FEATURES

Imitates the surface of wood

Water and moisture resistant flooring, suitable for wet areas such as bathrooms and kitchens for residential use, provided the product's installation instructions are followed.

25

25 year warranty for domestic use valid for vinyl materials that have been installed in rooms where they are exposed to normal wear and tear for their recommended End Use Category in accordance with ISO 10582.

Floor capable of dissipating excess electrical charges and distribute them over its entire surface

There are consistent color changes between pieces.

Installation system where gluing the boards to the floor is not necessary. They are placed on a foam, joined together, as long as the product does not already have a foil on the back of the piece.

10

10 year warranty for commercial use valid for vinyl materials that have been installed in rooms where they are exposed to normal wear and tear for their recommended End Use Category in accordance with ISO 10582.

Is suitable for installing on water radiant heating

It is a quick and easy installation system. Adjust the slat to be installed lengthwise to the one already placed and tap it lightly with a rubber hammer and block. It is just as easy to uninstall, which allows it to be quickly dismantled.

It is advisable to follow the installation and maintenance instructions published by L'ANTIC COLONIAL, S.A., observing in any case the legal or regulatory requirements that may exist for each area of use. Do not use aggressive cleaning agents, such as acids, or metallic or sharp elements. In public places this material must comply with the slipperiness requirements of the Spanish Technical Building Code. This document is purely commercial and may not be used in any legal or administrative proceedings, neither as an expert opinion nor as documentary evidence, unless expressly authorized by L'ANTIC COLONIAL, S.A.
