FEATURES

- 

Imitates the surface of wood
- 

Water and moisture resistant flooring, suitable for wet areas such as bathrooms and kitchens for residential use, provided the product's installation instructions are followed.
- 

5 year warranty for commercial use valid for vinyl materials that have been installed in rooms where they are exposed to normal wear and tear for their recommended End Use Category in accordance with ISO 10582.
- 

Floor capable of dissipating excess electrical charges and distribute them over its entire surface
- 

There are consistent color changes between pieces.
- 

Installation system where gluing the boards to the floor is not necessary. They are placed on a foam, joined together, as long as the product does not already have a foil on the back of the piece.
- 

25 year warranty for domestic use valid for vinyl materials that have been installed in rooms where they are exposed to normal wear and tear for their recommended End Use Category in accordance with ISO 10582.
- 

Is suitable for installing on water radiant heating
- 

It is a quick and easy installation system. Adjust the slat to be installed lengthwise to the one already placed and tap it lightly with a rubber hammer and block. It is just as easy to uninstall, which allows it to be quickly dismantled.
- 

Suitable for bathroom and kitchen floors for residential use, provided that the product's installation instructions are always followed.
