The ONE series is made up of a selection of countertops and washbasins with a straight-lined design and predominance of square shapes. Their minimalist appearance can be further enhanced by adding a black metal frame to the countertop or a bathroom unit in vulcan grey with a large soft-close drawer and big metal draw pull. Made using Krion Shell® technology, the series has an almost imperceptible upstand around it to avoid splashes and to improve on hygiene, ensuring easier cleaning and care. The models in the versatile, easily adaptable ONE CUSTOM series can be cut to size to suit varying spaces, including ones with a column or places with walls at unusual angles.
